# Scholarships & Financial Aid

## Academic Session 2019-2022

Three kinds of scholarships are available for ISBF students, the details of which are given below. The number of awards for each scholarship is limited.

### AT THE TIME OF ADMISSION

#### 1. ISBF Scholarship

These scholarships are available at the time of admission, i.e. for the first year of study at ISBF. They comprise a waiver of up to 50 percent of the ISBF Tuition Fee (refer to Fee Structure document on the ISBF website), and are awarded on the basis of merit, as measured by the applicant's performance in the ISBF Entrance Test (iMET) and the Personal Interview, as well as financial need. These awards continue in the second and third years of study at ISBF, subject to the awardee maintaining a stipulated level of academic performance.

To be eligible to apply for the 2019 ISBF Scholarships, you should be completing Class 12 in 2019, or have already completed it. The ISBF Scholarship result will be declared on the same day as your ISBF Admission Result. The Scholarship Application form must be completed by the end of the day after you complete the ISBF Admission Process.

### AFTER ADMISSION

#### 2. University of London Achievement Awards

These scholarships are awarded by the University of London every year, to students of the University of London programmes in the Indian subcontinent. They comprise waivers of up to 100 percent of University of London's tuition fees in the second year of study. The merit for these awards is determined on the basis of a student's performance in the LSE examinations at the end of the first year of study at ISBF.

As a result, these awards are only available to continuing ISBF students (i.e. they are not available at the time of admission). There is no application process for these awards; they are directly notified and awarded by the University of London.

#### 3. LSE Summer School Scholarships

These scholarships are awarded to two ISBF students every year, and cover in full the costs of attending a 3-week LSE Summer School programme, in London, with students from around the world. The merit for these awards is determined on the basis of a student's academic performance at ISBF (internal assessments and the year-end LSE examinations), as well as other contributions to college life at ISBF.

As a result, these awards are only available to continuing ISBF students, i.e. students who have completed their first or second years of study. The application process for these awards is notified to ISBF students in the course of the academic session.
