The background is a light gray surface with various geometric elements. There are several circles of different sizes, some of which are transparent or have internal patterns. A prominent black and white striped line curves across the lower half of the image. Another solid black line curves in the upper left. A small, dark, pointed object is visible near the center-left.

The background is a light gray surface with several abstract geometric elements. A thick black curved line starts from the top left and curves towards the center. A yellow line segment is positioned near the top left. Three black and white striped lines, resembling cables or ropes, are scattered across the scene. A small gray sphere is located in the lower left area. The large white number '10' is positioned on the right side of the image.

What next after your studies?

A wide array of further opportunities for study and employment are available for those successfully completing an EMFSS degree. Many alumni have gone on to postgraduate studies at prestigious institutions both in the UK and internationally.

Students graduating with a globally recognised degree also have a strong foundation for finding employment opportunities across industry, finance, government and international organisations.
